

Ig usage data and statistics – August 2025

Overview

Recent data and statistics on Ig use in Australia are presented below, providing a snapshot of Ig usage and trends in Australia. To accommodate data entry and reconciliation requirements, data are usually published approximately three months in arrears.

Snapshot

The snapshot provides an overview of the information that is further detailed in the graphs and tables that follow.

Patients	BloodSTAR
17,015 Total Patients August 2025	1,338 Authorisations in August 2025
868 New Patients who had Dispenses in August 2025	33,097 Dispense Events in August 2025
Product Issued	Ig Use
851,442 Grams Issued in August 2025	836,152 Grams Dispensed in August 2025
\$98 Million Expenditure in August 2025	233,302 g Acquired hypogammaglobulinaemia — haematological malignancy or post HSCT Grams Highest Medical Condition in August 2025

Ig use

Year to date August 2025 - % variation year on year by jurisdiction. This graph shows cumulative percentage changes in Ig issued, nationally and by jurisdiction, for the current financial year to date as compared to the same period in the previous financial year.

OFFICIAL

Issues of Ig per 1,000 population by jurisdiction. This graph shows the amount of Ig issued (grams) per 1,000 population nationally and by jurisdiction for the previous 3 months.

OFFICIAL

Ig use by medical condition. This graph shows the medical conditions which account for the highest use (grams dispensed) of Ig products.

Product issued

Monthly expenditure on Ig. This graph shows the cost of Ig products issued over the last 9 months.

Monthly usage of Ig. This graph shows the amount of domestic and imported Ig products issued (grams) in the last 9 months.

BloodSTAR

Patients. This graph shows the total number of patients receiving Ig and the number of new patients over the last 9 months.

OFFICIAL

Authorisations and dispense events. This graph shows the number of new authorisation requests approved and the number of dispense events over the last 9 months.

OFFICIAL

Number of registered facilities	Number of registered SCIg approved facilities	Total number of registered users
1,226	122	29,277

More information

Annual reports on the issue and usage of immunoglobulin provide further information. For context and links, see: [Immunoglobulin usage and data | National Blood Authority](#).

In addition:

BloodSTAR Facility Administrators can access reports about their facility's Ig usage through the reports function in BloodSTAR.

Jurisdictional Reports are available to Jurisdictional Blood Committee (JBC) representatives and their nominees. These provide information on the Ig dispensed for each State and Territory.

The NBA will also consider specific requests for data. All requests will be considered in line with the NBA's Data and Information Governance Framework. More information, including about how to submit data requests, is available [here](#).
