

# Creating and Using Facility Favourites – Tip sheet

Special orders that are likely to be ordered more than once can be added to the 'Facility favourites' list. Facility favourites can only be created from special orders that have been sent or dispatched and are not cancelled. The order should also not have already been added to the facility favourites. Adding an order to facility favourites can be done via the 'Add to facility favourites' link available on:

- Orders dashboard – within the accordion of a Special order in the Active orders list
- The 'Special order details' screen.

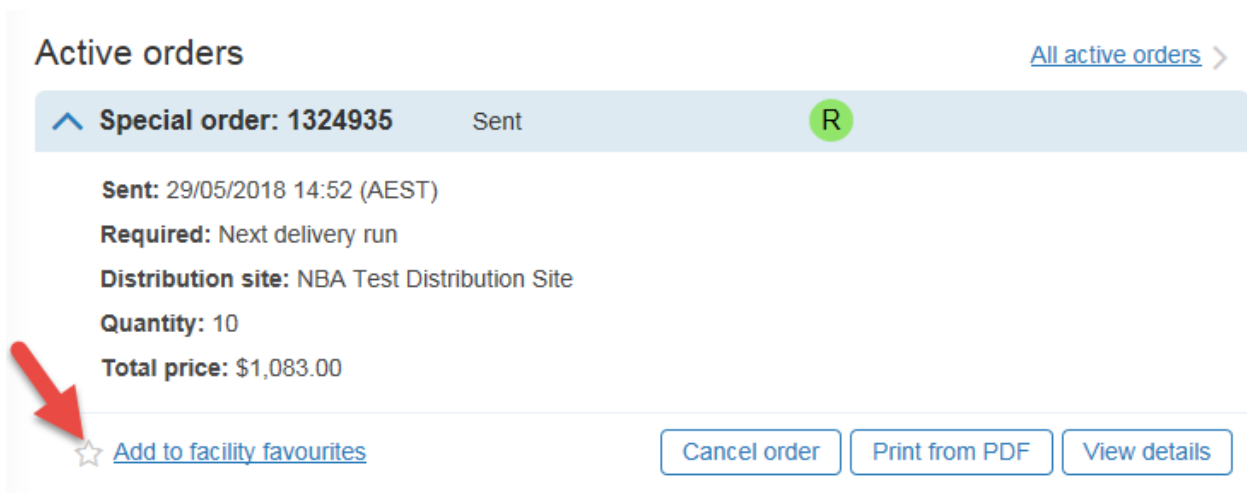

## Creating a facility favourite from the Orders dashboard

1. Locate the special order in the 'Active orders' list on the 'Orders' dashboard and click the drop down arrow to expand the view.

The screenshot shows the BLOODNET interface. On the left is a navigation menu with 'Orders' selected. The main area displays 'Active orders' with a list of orders. The first order, 'Special order: 1273797', is expanded to show details. A red arrow points to the 'Add to facility favourites' link at the bottom of the order details.

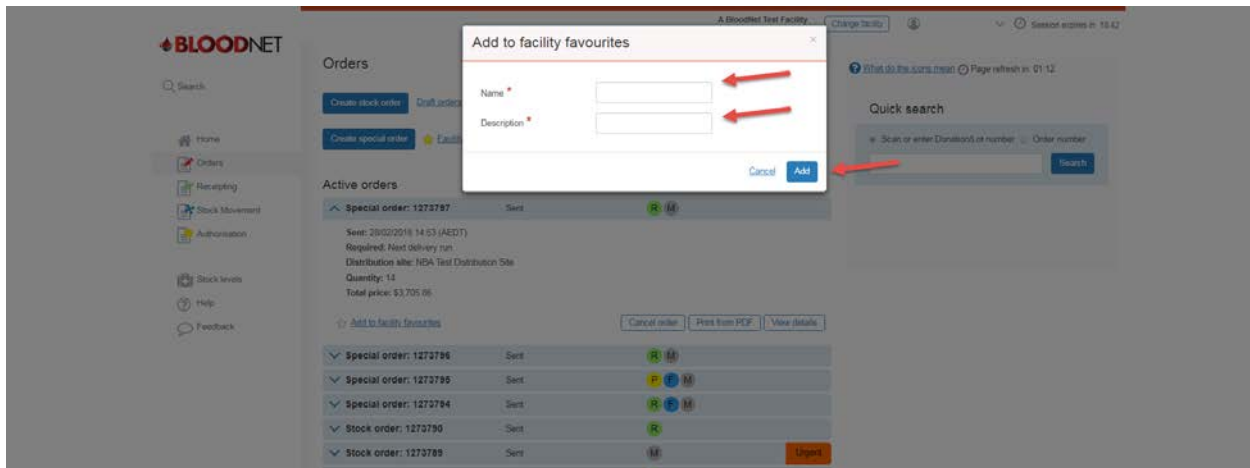

2. Click on the 'Add to facility favourites' hyperlink.

The screenshot shows the details for 'Special order: 1324935'. The order is 'Sent' and has a status icon 'R'. The details include: Sent: 29/05/2018 14:52 (AEST), Required: Next delivery run, Distribution site: NBA Test Distribution Site, Quantity: 10, Total price: \$1,083.00. At the bottom, there is a link 'Add to facility favourites' with a star icon, and buttons for 'Cancel order', 'Print from PDF', and 'View details'. A red arrow points to the 'Add to facility favourites' link.

**Please note:** If an order has already been added to facility favourites and cannot be added again, a yellow star  **Facility favourite** is displayed.

- Name and provide a description of the facility favourite in the pop up dialogue box and click the 'Add' button. The order will be saved as a facility favourite.

## Creating a facility favourite from the 'Special Order details' screen

- Search for your order from the 'quick search' menu or 'All Active orders' and click on 'view' or the order number hyperlink.
- Click on  [Add to facility favourites](#) located on the top right corner of the 'Special order details' screen.

**Important:** If your order is Urgent or Life Threatening, you **MUST** select the appropriate priority. Do not write the priority in the comments box. All Urgent or Life Threatening orders **MUST** be followed up with a phone call to your local Blood Service Customer Delivery. Contact details are located on the top right of the BloodNet homepage.
